

I will submit Print-Ready Artwork Now:

This option is for client who has print-ready artwork according to our template. We just have to review the artwork and prepare proof for final approval.

We expect to receive approved versions of the artwork with a ready-to-print status from your end. We will review and prepare your proof in a maximum of two times when this option is selected.

I will submit Print-Ready Artwork Later:

This option is for client who likes to place order now and send us print-ready artwork later (via email or artwork upload)

We expect to receive approved versions of the artwork with a ready-to-print status from your end. We will review and prepare your proof in a maximum of two times when this option is selected.

FREE Design - Simple Layout

This option is great for clients who prefer a simple design, knowing what they want in advance such as color themes, logo placement and wording for the tent. Our design team will prepare a 3D mockup, which will be sent for approval along with the final design. We will do one additional change at no extra charge if necessary. Free Design service may take 1 – 2 days for the 1st draft of design.

Custom Design Service

This option is best for the client who wants to be sure that the design of their project will be fine-tuned and satisfactory as per their vision. This package gives you flexibility with image editing, as well as complex layout and multiple revisions.

1 hour design service is included with this option; if a project requires additional time, we can bill for it manually.

Our goal is not to compromise with quality and deliver high-quality design services for your project.
